Teaching is my passion, but I also enjoy...  
Reading! I will read all day if you let me! I also love running and have ran some amazing races over the years. Going on walks with my family is also something I thoroughly enjoy, as well as spending quality time with my friends.

I am so excited to...  
work with many different children in the school. I want the best for the children but the best of the children. I will always support children to be the best that they can be, in every part of their lives.
